1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the Abstract:

Delete the abstract of 9-04-2003 and replace with the following new abstract. On a separate page following the Claims insert

--Abstract of the Disclosure

An apparatus for producing oxidic nanocrystals from metal organic compounds or volatile inorganic compounds comprises an apparatus which includes a first vaporizer which is connected to a first carrier gas stream to produce a first reactant gas stream, a second vaporizer is connected to a second carrier gas stream to produce a second reactant gas stream the first and second reactant gas streams are connected to a first feed line and flow heated reactor wherein the reactants are heated and reacted to provide oxidic nanocrystals which are unagglomerated having a mean particle size of up to 20 nanometers.--

2. The following is an examiner's statement of reasons for allowance: The invention relates to an apparatus for producing oxidic nanocrystals which include first and second vaporizers which provide a first and second metal organic complexes or first and second volatile inorganic compound which are then reacted in a heated cylindrical tube reactor which includes heating zones, the heating zone includes baffles at the downstream end of the heating zone, the baffle extending outwardly from the downstream end and preventing convection in a direction counter to reactant gas flow in the reactor, the apparatus further includes an adsorption trap connected downstream of the reactor and vacuum pump connected downstream of the adsorption trap,

the apparatus as claimed provide oxidic nanocrystals which are unagglomerated thereby superceding the prior art's apparatus.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
